Harwich Mariners (Cape Cod Baseball League) Continued

- Engineer/Producer
 - Co-produced all 47 Harwich games for broadcasts. This included formatting each broadcast to include a trivia question, out-of-town scoreboard, “This Day in Baseball” segment, and between innings music and advertisements.
 - Co-engineered all 47 Harwich game broadcasts. This included set-up and deconstruction of all equipment and co-management of the soundboard.
- Social Media
 - Served as a “live-tweeter” for roughly half of the 47 Harwich game broadcasts. This included updating the official team twitter account with game happenings, while still providing color commentary.
 - Served as media liaison for the Harwich organization, tweeting from the Harwich official team account at events such as the Fenway Scouting Combine, and the Cape League All-Star Game.
- Beat Writer
 - Wrote “Game Recaps” for 23 of the 47 Harwich games, and “Game Previews” for the remaining 24 games.
 - Wrote periodic player profiles for various uses within the Harwich organization.
- Statistician
 - Co-founder of the “Harwich Mariners Research Department”, an on-air duo on statisticians who kept detailed logs of every pitch thrown and every play made during the 47 Harwich games, and then converted those logs into sortable, advanced metric-based excel spreadsheet (which can be produced if desired).
